

10 January 1951

MEMORANDUM FOR: Deputy Director (Administration)

SUBJECT : Status of Reserve Personnel

1. I have just read the attached letter from General Byers and believe that its intent is as indicated below:

Active Reserve personnel now civilian employees of CIA who will not be available for orders to active duty in case of mobilization will:

a. If they have twenty or more years of active Reserve service be transferred to the Honorary Reserves.

b. If they do not have twenty or more years of active Reserve service be separated from the Reserves.

c. Such personnel who may be separated because of unavailability will be eligible for reappointment at such time as they are again eligible for active duty, provided they meet current requirements of the Army for such duty.

2. I believe also that reference to availability for orders to active duty in case of mobilization does not necessarily mean availability for active duty with CIA, but may be construed as meaning availability to return to duty with the armed service concerned.

25X1A

3. [REDACTED] queried Mr. Kelly relative to the memorandum addressed to General Smith on this subject and is, I understand, holding the memorandum for further conversation with you.

25X1A

[REDACTED]  
Assistant Deputy Director,  
Administration

1 Att.

**CONFIDENTIAL**
